# 龍 WRX TATSU

## THE YEAR OF THE DRAGON HAS ARRIVED

In the Japanese script of Kanji, TATSU means Dragon. And just like the legendary dragon, our limited edition WRX TATSU exudes power and prowess on the road. With its striking blue hue this exclusive model commands attention but also symbolises strength through its 2.4 litre turbocharged Boxer engine. Only ten of these rare beasts will ever be created – five Subaru Performance Transmission and five 6-Speed Manual.

Kitted out with 18" STI black alloy wheels, STI body kit (front, side, rear), sports mesh grille, STI strut brace, STI gear shifter, STI push button start, STI drilled disc rotors (front only for manual) and a unique black Tatsu badge. Visit [subaru.co.nz/wrxTatsu](http://subaru.co.nz/wrxTatsu) to explore the limited edition WRX TATSU.
