SUBARU
ALL-WHEEL DRIVE

FORESTER
2027

OWN THE ROAD

Built for those who refuse to be confined, it's smarter, safer, and more capable than ever. Born from a legacy of adventure the Subaru Forester has always been the SUV that does it all–confidence on every road, comfort for every journey and capability when it counts. Now, it's evolved again. With a bold new design, advanced safety, cutting-edge tech and the choice of Subaru's signature Boxer engine or new strong Hybrid engine, the all-new Subaru Forester is ready for what's next.

Get ready to own the road and conquer the wild in the Subaru Forester.

CONQUER THE WILD

Image indicative only.

A truly capable Hybrid

Take your adventures further with the choice of Subaru's signature 2.5-litre petrol Boxer engine or Subaru's next generation strong Hybrid system, combining the 2.5-litre petrol engine with a high-output electric motor to deliver over 1000km[1] of range per tank.

Paired with Subaru's legendary Symmetrical All-Wheel Drive, mechanically linked to all four wheels, it delivers the confident grip, control and capability you need to go wherever the road (or trail) leads.

Symmetrical AWD

Boxer Engine

Subaru Strong Hybrid Technology

OVER 1000km

Over 1000km Range[1]

Subaru Forester AWD Hybrid Sport with optional premium paint and Subaru accessories sold separately. | 1. 2026 Subaru Forester Hybrid's range of over 1000km is based on a theoretical value calculated by multiplying the fuel consumption rate under the test conditions specified in Australian Design Rules (ADR) 81/02 by the fuel tank capacity. Actual real-world results may vary based on individual driving circumstances e.g. traffic conditions, driving style, vehicle modifications, fuel quality, climatic conditions etc.

Tackle challenging terrain

With 220mm of ground clearance[1] and an enhanced X-Mode system that activates even in reverse, the all-new Subaru Forester is engineered to tackle rough and uneven terrain with confidence.

This off-road capability is underpinned by Subaru's legendary Symmetrical All-Wheel Drive, delivering ideal traction and stability across all four wheels for maximum control in all conditions.

To better adapt to winding roads, highways and varied driving styles, Subaru Intelligent Drive (SI-Drive) lets you fine-tune engine response with two distinct drive modes, so you're always ready for whatever lies ahead.

1. Ground clearance at kerb weight. Images indicative only.

Bold, adventure ready style

The Subaru Forester is a testament to its timeless and iconic design, blending aggressive ruggedness with modern sophistication.

Drawing inspiration from 6 generations of inspiring adventures, the Subaru Forester's revolutionary redesign introduces next-level capability, strength and the strong Hybrid system. The legendary Symmetrical All-Wheel Drive and low centre of gravity deliver dynamic balance and performance, while tuning to the front suspension enhances driveability, steering responsiveness and comfort.

Get ready to explore with ease and a strong towing capability. The Subaru Forester's robust 2.5-litre direct injection horizontally-opposed Boxer petrol engine has a braked towing capacity of 1,800kg[1]. Plus Subaru Forester Hybrid also boasts impressive towing capacity. Hybrid models pair a 2.5-litre 4-cylinder petrol engine with an 90kW electric motor to deliver a braked towing capacity of 1,200kg[1].

Refusing to be confined, Subaru Forester invites adventure with a robust, class leading 220mm ground clearance[2]. Adding to Subaru Forester's genuine off-road capability is X-Mode, standard across the range. While Subaru Intelligent Drive (SI-Drive) offers a choice of Intelligent or Sport mode to enhance your driving experience.

Symmetrical AWD | Boxer Engine | X-Mode | UP TO 1,800kg Braked Towing Capacity[1]

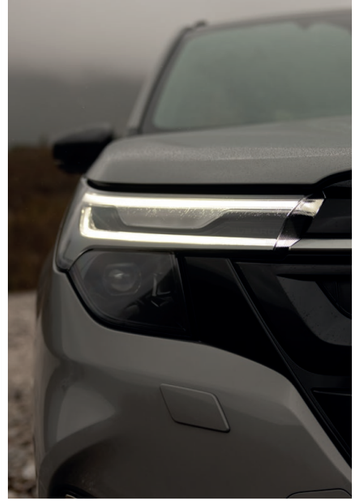

Subaru Forester AWD Touring with Subaru accessories sold separately.

1. Towing capacity is subject to regulatory requirements, and vehicle & equipment design limitations. Towing requires fitment of optional tow bar accessory. If the towing mass is greater than 2,000kgs, or the trailer has electric brakes, an Electronic Brake Controller must be fitted to the car and is only suitable for towing a trailer with a maximum of 2 axles. Refer to Owner's Manual for towing instructions. Ask your local Subaru Retailer for more information on Subaru towing capacity and Genuine Subaru towing accessories. 2. Ground clearance at kerb weight.

Subaru Forester AWD Hybrid Touring.

Designed to inspire adventure

Blending head-turning design with its signature rugged personality, the Subaru Forester is a true expression of its proven capability.

Staying true to its roots, it features a bold grille, striking headlight design, geometric trim accents and muscular contours while still delivering the outstanding driver visibility Subaru Forester is known for. Slimline pillars and expansive windows offer a commanding, panoramic view that keeps you connected to your surroundings. Intelligent cornering lamps enhance visibility when turning, helping deliver a safer, more confident driving experience, so you can own the road and conquer the wild.

Subaru Forester AWD Hybrid Sport. Optional premium paint shown.

Safety that gives you peace of mind

Clever features simply make life better. So shift your adventures up a gear, take the scenic route and create memorable family moments.

Subaru Forester makes hitting the road effortless and safer than ever, with EyeSight® Driver Assist now featuring the Emergency Driving Stop System (EDSS)[1]. When Lane Centring is engaged this feature activates automatically and can bring the vehicle to a controlled stop and alert other road users should you become unresponsive while driving.

Also helping you stay on track is Adaptive Cruise Control and the advanced Driver Monitoring System – Driver Focus (DMS)[2] with facial recognition, that supports the driver with attention distraction alerts.

The family friendly Subaru Forester includes Isofix child restraint anchor points and a convenient powered tailgate[3] on selected variants, with a foot-activated kick sensor to make loading easier.

Subaru Forester AWD Hybrid Touring. | 1. Emergency Driving Stop System (EDSS) operates only when Lane Centering Function is operating. Refer to Owner's Manual for full details. 2. Driver Monitoring System performance and capability dependent on environmental and technical conditions. Refer to Owner's Manual for full details.
3. Not available on Subaru Forester AWD and Forester AWD Hybrid.

Keeping everyone connected & entertained

Experience a suite of advanced entertainment and connectivity features designed to elevate every drive.

At the heart of it all is a larger 11.6" touchscreen, giving you easy access to wireless Apple CarPlay® and Android Auto™[1] for seamless connection on the go.

Up front, enjoy the convenience of wireless phone charging[2], while USB-A and USB-C ports are available for both front and rear passengers to keep everyone powered up.

And in selected Hybrid variants, a 12.3" digital instrument cluster[3] brings essential driving information to life with crisp LCD clarity and precision.

1. Compatible Apple® or Android™ device required. 2. Compatible Qi enabled and compliant device required. 3. Not available on Subaru Forester AWD Hybrid.
